

Southwest Modern Data Systems, Inc.

Office 365
when and where
you need it.

Work with confidence

-  **Securely access content from anywhere** at any time with multi-factor authentication.
-  **Never miss a security update** with automatic monthly feature release and security updates.
-  **Log in just once** with Windows 10 Hello and Office 365.

Work better from anywhere

-  **Access must-have files** even when you're away from the corporate network
-  **Work together in real time** with HD video, digital whiteboards, and content sharing.
-  **Keep your team on track** with shared conversations, content, plans, and more.

Work your way

-  **Take your Office anywhere on any device** with Office mobile apps across Windows, Android, and iOS.
-  **Smart Lookup** uses web insights to help you find what you're looking for in your Office docs with one click
-  **Always there docs** means you can access recently used documents from any device
